# FAQ's: Used Forklifts from Japan

1. What brands of used forklifts are available?

Ans: Brands available for used forklifts include Toyota, Sumitomo, Komatsu, Mitsubishi, and many more

2. What are the prices of used forklifts?

Ans: The prices of used forklifts depend on the age of the forklift. Older forklifts are available at cheaper rates.

3. Is the import of forklifts allowed in India?

Ans: Yes, the import of forklifts is allowed in India.

4. What is the duty charged at Indian ports for used forklifts?

Ans: The duty includes 7.5% Basic Customs Duty (BCD) + 10% Social Welfare Charge (SWC).

5. What is the minimum number of forklifts that can be bought from Japan?

Ans: You can buy even one forklift from Japan and import it to India.

6. Is there a translator from Japanese to Hindi and English available?

Ans: Yes, a translator is available if required by any trip traveler to Japan.

7. Who to contact for continuous communication regarding exports?

Ans: BSB will assist with all queries related to exports or imports from Japan.

8. What about the spare parts for used forklifts?

Ans: Spare parts for used forklifts are available from Japan and can be ordered in India if required.

9. Does the trip include other equipment as well?

Ans: Yes, the trip includes other equipment such as cranes, cleaning machines, and more.

10. Whom to contact regarding import-related queries in India?

Ans: For import-related expenses and clearance guidance, contact a Customs House Agent (CHA). Refer to the CHA list below.
